

**INFORMATION FOR  
CURBSIDE RECYCLING  
IN THE  
VILLAGE OF ANNA**

**NEW RECYCLING BIN  
FOR PAPER**

Each household in the Village of Anna will receive a new Light Green Paper Only Recycling Bin.

Once you receive this bin you will begin using it to recycle your papers and cardboard.

The original Dark Green Recycling Bin will be used for co-mingled items which includes plastic bottles & jugs, glass bottles & jars and aluminum & steel cans.

*Please read "How to Recycle with Two Recycling Bins at the Curb" on the inside of this brochure.*

Additional or replacement recycling bins are available at the Anna Village Office. Please call 937-394-3751 for more information.

**Collection Day & Time**

Recycling and trash collection is every Monday, except for Holidays. The recycling bins should be placed at the curb by 6AM with your regular trash.

**WHY TWO  
RECYCLING BINS?**

Using two recycling bins is known as a dual-stream collection system, one bin is for paper & cardboard and the other one is for co-mingled items which includes plastic bottles & jugs, glass bottles & jars and aluminum & steel cans.

The dual-stream collection system allows for Shelby County Recycling to more efficiently collect the recyclables at the curb, which saves time and money.

Please read "How to Recycle with Two Recycling Bins at the Curb" on the inside of this brochure.

Proper recycling is very important to the success of your curbside recycling program.
